

Westley Richards .416 Rigby Best Quality Bolt Action

Serial Number 43505

\$40000.00

DESCRIPTION

Westley Richards .416 Rigby *Best Quality* Bolt Action

Finished in 2003 and built on a modern magnum length, double square bridge Mauser action with a drop belly straddle floor plate, allowing four rounds down, and an inside the bow release. The action is topped with H&H style quick release mounts and 30mm rings that are properly engraved with the Maker's name and serial number. The bolt body is jeweled or "spotted", and the bolt knob is checkered with three panels. The bolt shroud is color hardened with "SAFE" inlaid in gold and is fitted with a Model 70 type, three-position safety.

The 24" barrel has a WR pattern quarter rib, with one standing Express sight inlaid with a gold pyramid (50 yds) and two folding leaves lined in gold (100, 150 yds). There is also a barrel band front sling swivel and Westley's patent combination foresight with rearward folding sight hood and flip up night sight.

The Walnut stock is laid out perfectly with contrasting horizontal figure combined with vertical "fiddle back" running the length of the stock on both sides. The stock has a thin rubber pad, and a right hand English style cheekpiece, a color hardened trap grip cap and single recoil bar, traditional wrap point pattern checkering with Mullered borders and an ebony forend tip.

The rifle's action, barrel and bottom metal retain their original black and "4. Cartridges" is engraved on the floor plate. The serial number is inlaid in gold on the trigger bow and the action screws, grip cap and recoil bar have a touch of engraving.

The rifle remains in as new condition.

SPECIFICATION

Location	US
Make	Westley Richards
Calibre/Gauge	.416 Rigby
Action	Bolt Action
