

# Pedro Arrizabalaga 28g Model 116 SLE

Serial Number 7887

\$2500.00

## DESCRIPTION

Pedro Arrizabalaga 28g Model 116 Sidelock Ejector with Hand Detachable Locks. The lowest grade of P.A.'s sidelock models with hand detachable locks, the gun has color hardened lock plates and action body with a simple border engraving. Based on the H&H hand detachable lock, seven-pin sidelock with ribbed cocking indicators and H&H style thumb lever. Gun has two triggers and an automatic safety.

26 7/8" barrels have dovetail mounted Purdey double underbites with a hidden third fastener, a raised, machine matted game rib, 2 3/4" chambers and is choked .007" in each barrel.

Interestingly, the gun has a custom made stock from a phenomenal piece of California English walnut with bold, streaks on both sides along with a 15 1/2" LOP over a checkered butt. Stocker is unknown but it is very high-quality work. Splinter forend with Anson push-rod release.

Gun's case colors are fading around the action body and lock plates, where you will carry a gun, a few small handling marks here or there. Barrels remain excellent. A nice little gun with an exceptional piece of wood and very long LOP.
