

## Granite Mountain Arms .500 Jeffery

Serial Number 379SRV

\$5500.00

### DESCRIPTION

Granite Mountain Arms .500 Jeffery Standard Magnum Action Barreled and in the White.

Completed about 2006. One of the finest actions made in the world today and used by many of the world's top rifle makers.

Precision machined of 8620 steel, case hardened, with dual locking lugs and third safety lug, bolt face recessed specifically for .500 Jeffery, double square bridge, bolt angled for use with a scope, 3-position M70 type safety, Blackburn steel adjustable trigger, and a straddle floorplate with an inside-the-bow release.

Action Length is 6.475" with a Bolt Throw of 4.695" and will hold 3 rounds down in the magazine with enough room to close the bolt on a 4th chambered round.

Fitted with a 24" barrel (23 1/2" outside the action) countoured by GMA with integral sling swivel, island rear sight base and ramp style foresight base and sent to Satterlee Arms for feed work.

Ready for the next project.
